PUBLIC DELEGATION ON NON-AGENDA ITEM

- R15/12-9 20. It was moved and seconded
That Council resolve into Committee of the Whole to hear a delegation on a non-agenda item (7:53 p.m.).

CARRIED

With the aid of a PowerPoint presentation, Rosemary Plummer, President, and Shakuntala Soden, Executive Project Manager, Hep C BC – Hepatitis C Education and Prevention Society, stated that the volunteer run organization aims to educate and raise awareness of Hepatitis C in BC.

Ms. Soden spoke of the Society's month long bus campaign, which will be featured in the cities of Richmond, Vancouver, Surrey, Victoria, and Kelowna, and endeavours to encourage people to get tested. Ms. Soden advised that approximately 75% of those affected by Hepatitis C are Baby Boomers (born between 1945 and 1975), and often, those affected are unaware as the virus has few symptoms.

In reply to a query from the Chair, Ms. Soden advised that Hepatitis C blood tests are not routinely given, and therefore, a patient typically has to request such blood work.

- R15/12-10 21. It was moved and seconded
That Committee rise and report (8:01 p.m.).

CARRIED

NEW BUSINESS

- 21A. **PROPOSED LIQUEFIED NATURAL GAS (LNG) FACILITY IN DELTA**
(File Ref. No. 10-6150-01) (REDMS No.)

- R15/12-11 It was moved and seconded
Whereas an LNG plant is proposed across the Fraser River in Delta to serve fracking operations in north eastern BC and up to 120 LNG tankers and 90 LNG barges are expected on the Fraser annually and to date Richmond City staff have been unable to determine the full scope of this project; and

**Regular Council
Monday, June 22, 2015**

Whereas it has been suggested that a federal environmental review may not be necessary and the Federal Government has given to June 24th for public input on whether a federal environmental review is necessary;

Therefore be it resolved that Richmond City Council requests a full federal Environmental Assessment and review of the Delta LNG project to consider:

- (1) effects on dredging a deeper wider shipping channel;*
- (2) effects on dyking;*
- (3) effects on the habitat of the estuary and the Fraser River fishery; and*
- (4) safety concerns, climate change and the industrialization of the Fraser River Estuary due to the cumulative effect of coal, jet fuel, LNG and possibly oil shipments on the Fraser River;*

and copies of the resolution be sent to neighbouring municipalities, and local MPs and MLAs.

CARRIED
